

August 2nd, 2016 Security IP Institute (SIPI)

SIPI is designed to be the key step in certifying Hanwha Dealers to work with Samsung Security Products. The course will review Hanwha's line of products, apps and VMS software for a full end-to-end system. We will also cover competitive features that separate certain products apart, while highlighting those that need to be configured for best results.

All participants upon successful completion will receive 5 CEC's which can be utilized for industry recognized certifications such as ASIS and BICSI.

Registration fee includes:

- 5 CEC's Credits
- Choice of the following 2 options:
 - 1) Course Only: \$299
 - 2) Course with Camera (SNV-6013): \$399

Course Information:

Date: August 2nd, 2016
8:30am - 4:00pm

Location:

Chino Fire Dept
5092 Schaefer Ave.
Chino, CA 91710
